Entrance Porches and Walkways

An entrance porch is another way to impress your guests and in case of wet weather, also provides cover for your guests when entering the marquee. These are also available with a clear roof. Walkways can also be used to join the main marquee to a building.

A door way is also recommended to seal the marquee, help protect against poor weather conditions and also retain the heat within the marquee.

Electric and Heating

We provide heaters which are thermostatically controlled and sited outside of the marquee.

Generators can also be supplied and are available in various sizes to meet your requirements.

marquee exteriors

We have a wide range of marquees to suit the needs of every event. Weddings, Corporate Events, Private Parties, Outdoor Festivals or Concerts we will work with you to complete the look that is right for you.

Our range of marquees include;

- Traditional Marquees
- Clear Span Marquees
- Pagodas

Traditional marquees add a feeling of elegance and grandeur to your special day. With the additional roof height the marquee creates a feeling of space, whilst the centre poles can be decorated for added style.

Multi-span marquees offer versatility whilst providing luxury finishes. These marquees come in a variety of widths and sizes and are able to be erected on all types of surface.

Both styles of marquee can be fitted with windows to allow you to enjoy a view of your surroundings.
